**DETAILED ACTION**

1. Applicant's 7/17/09 Amendment, which canceled claim 12 and traversed the rejection of claims by the previous examiner, is acknowledged.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 24 and 26 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

There is neither an adequate description nor enabling disclosure for what is meant by and encompassed by the clause, "first composition further comprises between 1.2 and 1.7 percent Sn by weight of the first composition." Underlining provided.

3. Claims 24 and 26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims are vague, indefinite and incomplete, and their metes and bounds cannot be determined because the clause, "first composition further comprises between 1.2 and 1.7 percent Sn by weight of the first composition", is unclear and can be interpreted in a plurality of ways.

***Allowable Subject Matter***

4. Claims 1, 3, 6, 9-11, 13, 15, 18, 21-23, 25, and 27-33 are allowed.
